

Mrs. Simington Gets Another 3 Year Sentence

TEXARKANA, (AP) — Federal Judge Harry Lemley today sentenced Mrs. Opal Simington, former assistant cashier at the defunct Bank of Dierks, to three years for embezzlement and forgery.

The sentence will run concurrently with the three years sentence imposed last Tuesday on the woman for another embezzlement charge.

Mrs. Simington was sentenced for embezzling \$1,400 from the bank and forging the name of Mrs. Emma Kesterson to a \$3,300 check.

The 44-year-old woman's first sentence was for cashing a \$4,356.80 check for bank depositor H. C. Seals, a 64-year-old farmer, had only \$4.40 on deposit at the time. He was sentenced to two years in prison.

The bank was forced to close its doors in 1952 because of a \$185,000 shortage.

Judge Lemley warned Mrs. Simington today that any other sentences she might receive in connection with the bank shortage may not run concurrently.

She and Thomas Westbrook, former vice president of the bank, also have been indicted jointly on a charge of conspiracy to defraud.

Westbrook, who has a federal embezzlement indictment pending against him, has not been tried because of his illness.

Mrs. Simington's attorney indicated today they will appeal.

The woman is free on \$7,500 bond.

U. S. Sill to Continue Bikini Tests

By ELTON C. FAY

WASHINGTON, (AP) — American nuclear weapons, whose production was halted by the H-bomb fire at Bikini, will be tested by millions of tons of force, proposed to go ahead with their schedule for more and mightier blasts this spring.

For those tests of the spring series which are thermonuclear, or involving hydrogen bombs, they will rely on two things:

1. An enlarged danger area and improved warning system.
2. A better estimate of the force to be unleashed in subsequent H-bomb tests.

On the basis of comparisons made by atomic authorities in Congress, the March 1 thermonuclear explosion appears to have been upwards of 14 million tons of TNT. The old atomic bomb dropped on Hiroshima had an energy release of 20,000 tons, or 20 kilotons.

Using information gained from the first, exploratory test of a hydrogen device in the fall of 1952 and adding to it new and intricate computations from laboratory studies, the weapons makers made an initial forecast for the March 1 weapon which was substantially less than half the force eventually attained. This first estimate was revised estimate fell several million tons below the power scientist now believe was loosed in the explosion.

WASHINGTON, (AP) — Senate investigations subcommittee members said today they hoped to pick by nightfall a special counsel for the proposed public investigation of a row involving Chairman McCarthy (R-Wis.) and top Army officials.

Reported behind the scene maneuvering to head off such a washing of linens, for which big scale television and other coverage is planned, ran head on into opposition from a majority of the subcommittee's seven members.

MONTREY, Mexico, (UP) — A twin engine Mexican airline with 18 persons aboard disappeared yesterday after being told to delay its landing at Montreay Airport and today its wreckage was located on a desolate mountain top 15 miles away.

Officials of the airline said two of its pilots flew over the wreckage today and saw "not the slightest indication of life." One wing was torn off the wrecked DC-3 but the fuselage was intact, the pilots reported.

By REX CHANEY

WASHINGTON, (UP) — The house appropriations committee approved a record \$1,061,000,000 today to build better hydrogen and atomic bombs at a sharply stepped-up rate.

The committee voted to give the Atomic Energy Commission every cent it sought to spend on weapons in the 1955 fiscal year starting July 1.

East Germany Gets Russian 'Independence'

BERLIN (UP) — Russia granted East Germany "independence" today but kept 300,000 Soviet occupation troops in the zone to protect the government from enemies of communism.

The Soviets announced last night the granting of sovereignty had resulted from negotiations between the East German regime of Premier Otto Grotewohl and the Kremlin.

In order to safeguard security in the Eastern zone, where rioting East Germans were subdued by Soviet tanks last June, the Russians reserved the right to keep their occupation troops in the country until further notice.

By JOSEPH W. RIGG

BERLIN, (UP) — Russia opened the way today for the signing of a separate peace treaty with East Germany and official creation of a Communist army in the satellite nation.

The Kremlin announced last night that the Soviet zone of divided Germany had been granted full sovereignty and the privilege to seek diplomatic recognition as an independent state.

Russia gave the East German government full control over internal and external affairs but reserved the right to keep 300,000 Soviet occupation troops in the country for reasons of security.

Berserk Negro Kills 3 Persons, Wounds 3 More

PRESCOTT, (AP) — A 23-year-old Negro farm worker turned berserk on his wife's family at their home here, but City early this morning killing three people and wounding three others.

Sheriff Everett Ward said the man, Dexter Gully, drove to Prescott and surrendered voluntarily to officers about an hour after a half after the shooting. Sheriff Ward said Gully admitted the slayings.

Gully is being held in jail here on an open charge pending further investigation with the sheriff's office.

Killed by shots from Gully's rifle were his father-in-law, Will Buck, 63, a Purvis, Miss., 14-year-old daughter, Callie Mae, and his son, Stanley Purvis, 14. Gully's wife, Gully's mother, was hit in the back and hip and is being treated at a hospital here. Also wounded were R. W. Gully, Purvis' 20-year-old son, a minor flesh wound in the shoulder, and W. R. Purvis, 15, who was hit in the same place. Gully's mother was hit in the back and hip and is being treated at a hospital here.

Also wounded were R. W. Gully, Purvis' 20-year-old son, a minor flesh wound in the shoulder, and W. R. Purvis, 15, who was hit in the same place. Gully's mother was hit in the back and hip and is being treated at a hospital here.

The official said he had been unable to determine the cause of the dispute.

Only one member of the family, Mrs. Will Buck Purvis, escaped unhurt.

She ran from the house when Gully started shooting, said the sheriff, and called officers.

Sheriff Ward said a first degree murder charge probably will be filed today against Gully.

Billion Cut in Excise Tax All But Assured

By JOE HALL

WASHINGTON, (AP) — A cut of about a billion dollars yearly on a wide range of federal excise or sales taxes seemed assured today with Senate passage of a \$1,034,000,000 reduction bill.

The cuts will take effect next Thursday.

The Senate approved the bill last night, 78-6, after two days of lively debate filled with political "gambles" in a congressional election year.

It was sent to a Senate-House conference which cannot take place before next Monday afternoon since both branches are in recess until then.

But Sen. Millikin (R-Colo.), head of the Senate negotiators, said in an interview today he is confident the conferees will act speedily and rush the measure to President Eisenhower. The deadline for the President's signature is next Wednesday midnight.

Both branches voted identical cuts on many items, so they are certain to be in the final compromise version.

They include furs, jewelry, handbags and luggage, cosmetics, sporting goods, admission tickets to movies costing over 60 cents, train-bus-plane passenger fares, telephone bills, telegraph charges, mechanical pens and pencils, lighters and electric light bulbs.

Millikin and other Republican leaders predicted the President will sign the bill, although the administration urged against the excise cuts.

600 Attend First Minstrel Performance

SOME 600 attended the first performance of the annual Little Rock Minstrel last night at the High School auditorium.

The show is especially noteworthy in that only local talent is used, all of which is good and some excellent. Particular mention should be made of Betty Cline and Kenton Sam, Vernon Jones (Singer), Stokely and Wendell Bell (Dancers), and a group of vocalists, the Maids of Note, directed by Mrs. C. Hyatt, and the Three Kings and a Queen.

Although possibly not better, the 1954 show is really as good as those of the past with the season's performances of Landis, Paul, Mrs. Hope Grant and Homer, Guy Gray, Emmett, Thompson, Guy Reynolds and Winifred, Hubert, Hollis Luck and the one man band, and Haskel Jones keeps the show moving as Mr. Interlocutor.

Miss Linda Ratliff was crowned Queen of the Minstrel. The second performance will be staged at 8 o'clock. All the money donated will be used in help for the Little Rock where the show and Pony club teams play.

Delinquent State Return Is Costly

LITTLE ROCK, (UP) — Persons who are delinquent in filing state income tax returns face stiffer penalties this year, penalties that range upwards to a \$1,000 fine.

State Revenue Commissioner Vance Surlock yesterday issued a warning of tougher penalties for state income tax evasion, and at the same time predicted the state take this year will be about \$12,500,000.

Last year there were 40,003 returns filed for a total tax bill of \$12,248,769. Surlock predicted that 43,000 persons would file by the May 15 deadline this year.

Surlock said the tougher penalties are in line with the department's continuing drive to keep tax collections at their present level. He said it has been the practice in the past to assess penalties amounting to about 5 per cent of the delinquency, and a doubling of the entire tax bill.

"However," he said "the law allows a \$1,000 maximum fine, a charge of 12 per cent interest on the delinquency, and a doubling of the entire tax bill."

He said the department is "apt" to impose at least one of those heavier penalties on future delinquents.

"We are just trying to hold our own in revenue collections," he said.

State law requires that single persons earning more than \$2,500 a year, and married persons earning more than \$3,500, to file returns whether or not they owe any tax.

French Delay European Defenses

By JOHN M. HIGHTOWER

WASHINGTON, (AP) — The United States has suffered a new setback in its hopes for early French action to create a European Defense Community as the capstone of Western defenses in Europe.

French parliamentary debate will begin at least a month later than American officials had expected following the conclusion of the Berlin Big Four conference last month. It will not get under way until after the April 26 opening of the Geneva conference on Asian problems — a fact which may cost far more time in the long run.

Changes in the Bonn constitution were approved after a week of wrangling in which initial French opposition was overcome. The Big Three high commissioners approved constitutional changes to permit West Germany to raise a 500,000-man army, while barring actual conscription until EDC is ratified by all six nations.

So far, only the Netherlands and Belgium have completed ratification.

Mother-in-Law Is Convicted

LITTLE ROCK, (AP) — Mrs. Carrie Burns was convicted of second degree murder here yesterday for the fatal slaying of her son-in-law, Elmer E. Sanders, 43.

Her sentence was fixed at seven years in prison.

The 63-year-old woman originally was charged with first degree murder. She poured scalding water on Sanders as he slept.

Mrs. Burns contended the incident was accidental.

Tugboats Defy Orders Not to Cross Pickets

NEW YORK, (AP) — Harbor tugboats' vital cogs in New York's vast waterfront operations stomped along as usual early today despite orders to observe picket lines of striking longshoremen.

Police reported that only one tugboat had tied up. Its crew kept working when a small boat bearing pickets came alongside. On strike, are members of the Independent International Longshoremen's Assn. Its officials ordered ILA tugboat members to observe the picket lines.

The 450 tiny harbor tugs are almost an absolute necessity for the business and private life of New York.

They maneuver the huge freighters and passenger vessels to and from their piers, and shepherd barges laden with food and fuel for the city.

Even a short shutdown of tug operations could have a serious effect on the city, harbor men said.

The three-week-old cargo handlers' strike already has cost the port millions in business losses, but has not had any great effect so far on food or fuel supplies.

City officials have been seriously concerned however over plans of a number of companies to move out of the city because of waterfront difficulties from year to year.

Housing Plan Appears All But Scuttled

WASHINGTON, (AP) — President Eisenhower's plans for a four year, 140,000-unit public housing program were all but scuttled today by a House Appropriations Committee recommendation.

The GOP-dominated committee asked the House to cut the program to an estimated \$5,000 units and to terminate it in two years.

Its recommendation was contained in \$566,118,793 omnibus appropriation bill sent to the House floor for debate today. The total amount in the bill is \$933,604,337 less than the President wanted — a cut of 6.2 per cent.

It is \$975,168,400 below what the same agencies received this year. The bill carried funds for the fiscal year starting July 1.

A deep cut was made in funds recommended for the Atomic Energy Commission, but Rep. Phillips (R-Calif.) said no reductions in the AEC's construction and weapons programs are involved. Phillips is chairman of the subcommittee which wrote the bill.

A big reduction was recommended for the Veterans Administration, too, plus new restrictions on the Tennessee Valley Authority's activities.

Spur Baby Drops Down at Spa

HOT SPRINGS, (AP) — A leading nominee for tomorrow's \$10,000 Arkansas Derby, Spur Baby, dropped dead at Oaklawn Park this morning following a work out on the track's racing strip.

Cause of the three-year-old sprinter's death was not known immediately.

Spur Baby's owner, Leon A. Slavin of Kansas City, said jockey Richard Lawless took the horse out for the workout and had returned to the stable when the thoroughbred dropped dead.

Candidates are selected on the basis of character, courage, honesty, scholarship, cooperativeness and physical fitness. Selections are limited to girls in the underclass.

Friends Help Pay Most of Missing Funds

By REX THOMAS

CLIO, Ala. (AP) — Clio shook off the worst of its economic hangover today with curiously mixed feelings of anger and sympathy toward the money handler whose recent disappearance disclosed a \$75,000 shortage in depositors' funds.

Some of the townspeople who at first were shocked and bitter at Royall Reynolds adopted a new attitude of forgiveness after he returned home and offered to sell everything he owns to help make up the deficit.

With the money Reynolds hopes to raise, and the financial sacrifices of his almost blind father and other kinsmen, a spokesman said yesterday that the nearly 200 other depositors in the now-defunct Clio Merchants Exchange probably will get back 85 to 90 cents on the dollar.

A mass meeting has been called for 7:30 tonight to see whether depositors will agree to take a 10 or 15 per cent cut.

The family spokesman, J. S. Jackson Sr., estimated that with the help of relatives, Reynolds should be able to raise all but about \$9,000 of the \$184,000 on deposit in the privately operated Merchants Exchange.

Charter for Benton Bank

LITTLE ROCK, (AP) — A charter for the Decatur State Bank at Decatur, Benton County, was granted by the State Banking Board yesterday.

The institution was chartered with authorized capital stock of \$40,000, a surplus of \$10,000 and undivided profits of \$5,000.

Pioneer Hope Woman Dies in Idabel, Okla.

Flora Blake Godbold, aged 91, died Wednesday at her home in Idabel, Oklahoma. She was the widow of the late W. N. Godbold, former Hope planter and cotton buyer.

Mrs. Godbold was a pioneer resident of Hope having moved here from Columbia County in 1889 and lived in Hope until 1912 when the family moved to Idabel.

Survivors include two sons: Dan Godbold of Hope and John Godbold of Dallas; two daughters, Mrs. Edith B. Jones and Mrs. Travis Guthrie of Idabel; three grandchildren, and eight great grandchildren.

Funeral and burial was Thursday at Idabel.

\$23,470 Collected for Boy's School

LITTLE ROCK, (AP) — A campaign for funds to improve the State Boys Industrial Schools 89 far has netted \$23,470.

Gov. Cherry said yesterday the amount is in addition to \$9,000 already raised by Pine Bluff residents for construction of a swimming pool at the school for white boys near Pine Bluff.

Cherry said the Industrial School Foundation Committee, the private group directing the campaign, decided this week to proceed with certain improvements. He did not specify the improvements.

The boys school at Pine Bluff also will benefit from proceeds of the campaign.

64,199 to Get Welfare Checks

LITTLE ROCK, (AP) — Welfare checks will go out to 64,199 persons next month — an increase of 100 persons above the number of aid recipients in February.

Welfare Commissioner A. M. Smith said yesterday that the additional checks are due to the fact that the number of aid recipients in February was 64,100.

Smith said the number of aid recipients in February was 64,100.

making a galloping retreat from reality. No, he always justifies it as "a form of self-expression."

But I ask you suppose an ordinary man is confronted by the sight of an amiable cow in a pasture, in which of these two ways can he better express his finer nature:

1. By admiring the cow and pondering the miracle of milk, or
2. y carrying out the instructions of a "how-to-plant a cow" book—and spending the rest of his life defending the portrait from neighbors who are sure it is really a picture of a horse with four faucets?

I say admire the cow and let it go at that. If a man desires to forget his own woes, he can do it better by exercising his sense of wonder than by plunging his brain into a sad of how-to-do-it booklets.

So strongly do I feel on this subject that I have written an anti-how-to-do-itbook. The book consists of a single page followed by a long index listing how to do 1,001 different things. No matter which of the 1,001 how-to-do-it items you look up, it refers you to page one.

On page one is printed a single word in large block letters: "don't!"

Anyone who seriously wants to cure himself of the how-to-do-it disease can read this book at a glance and feel himself relax as new life pulses back into his tired old troubled veins.

The title of my book is, "How not-to-do-it and feel better all over." My feeling is that this volume will destroy all other "how-to-do-it" books on the market. Unless somebody comes up with one called, "How to Inherit Money."

Picconi Refuses to Call a Vote

ROME, (UP) — Foreign Minister Attilio Picconi today shrugged off a new Communist-Socialist effort to unseat him because the name of his son has been brought into a sex-and-narcotics trail.

The Communist and Socialist opposition reopened the "scandal of the century" last night with a demand in a senate committee for Picconi's resignation.

Premier Mario Scelba apparently had won a three month respite from the scandals plaguing his regime when the government won a postponement of parliamentary discussion of the case until July 1. But Socialist Emilio Lussu and Communist Mauro Scoccimarro presented a motion to the senate foreign affairs commission in a new effort to embarrass Scelba's center coalition government.

East Germany

move intended to give the puppet East German government prestige which hitherto it has been unable to win.

The act also was seen as a double-barreled move to embarrass the West because of its delay in granting full sovereignty to Chancellor Konrad Adenauer's West German government, while awaiting ratification of the European Defense Community project.

(In Washington, the U. S. State Department called the Soviet maneuver a "sheer facade" and said if Soviet troops were removed "the entire puppet regime would collapse under the weight of hatred and hostility of the populace which it has the effrontery to claim it represents."

(Authoritative sources in London said sovereignty "merely fixes East Germany into the orbit of satellite states.")

The Soviet Union made its announcement through ADN, the official Communist news service in East Germany.

ADN said the Soviet union listed three "concessions" to East Germany.

1. The Soviet Union will have the same relations with East Germany as with other sovereign states.

2. East Germany will have freedom to use "its own discretion" in foreign and internal affairs, including relations with West Germany.

3. Soviet supervision of the East German government is lifted.

The announcement said the occupation of East Germany by Soviet troops would be "temporary."

East Germany, in return for her "sovereignty," agreed to continue honoring its obligations to the Potsdam agreement under which huge areas in Eastern part of the country were lost to Poland and Russia.

The regime also promised to maintain "development of Germany as a Democratic, peace-loving state."

Western officials through the psychological effect of the announcement on West Germany would be unnoticeable.

The y pointed out that the "concessions" merely followed what already had been in force in West Germany.

Even though the Bonn government will not enjoy full sovereignty until the European army becomes a reality, West Germany's limitations on her independence are slight.

The major limitations are her inability to make armed alliances and to have military and civil aviation.

Singer Awaits Ruling From Argentina

NEW YORK (UP) — — Jobless debt ridden Crooner Dick Haymes waited today for the Argentine government to decide whether he can travel abroad as a citizen of the South American country where he was born.

Haymes flew to Washington yesterday with his attorney, Bartley Crum, and spent an hour closeted with Argentine Ambassador Hipolito Pa. Embassy officials said later he had applied for a passport.

The singer returned to New York and his actress wife Rita Hayworth after ducking questions by reporters about how the application for a passport fitted into his plans to fight a deportation order issued against him Tuesday by the U. S. government.

Your machinery is always ready to go

in a BUTLER Building

You don't have to waste time overhauling rusted machinery when you keep it in a weather-tight Butler steel building! You get machinery in and out faster, too, through big sliding doors in sides, ends or both. Rigid frame steel construction with galvanized or aluminum covering gives unobstructed space from floor to roof. You get more space per dollar in a wind-safe, lightning-safe, fire-safe Butler building!

It will pay you to see us before you build!

Why waste dollars in temporary, inefficient construction when you can have a permanent Butler building at a reasonable cost? See it before you build!

See us for facts about Butler machinery storage, grain storage, loading or feeding corn, hog houses, living houses or combination buildings to fit your exact needs.

Sunday School Lesson

By William E. Gilroy, D. D.

When Jesus would teach His disciples the lesson of humanity, He spoke of the greatness of service.

When the mother of Zebedee's children came to Him (Matthew 20:20-28), asking a special place for her sons, James and John and the other 10 disciples were roused with indignation. Jesus spoke to them all very plainly.

Greatness He said, was not at all as the world viewed it; the princes of the Gentiles exercising dominion, an dthe great ones exercising authority.

"It shall not be so," He said, "among you; but whosoever will be great among you, let him be your minister; and whosoever will be chief among you let him be your servant."

Moreover Jesus said He was Himself among them as "he that serveth" (Luke 22:27), and to enforce the lesson He gave them the example of humility and service in the washing of their feet (John 13:4-16).

But for the disciples there was something even greater than service. Perhaps it was when the disciples had learned the lesson of service that near the closing days (John 15:15) Jesus said to them: Henceforth I call you not servants; for the servant knoweth not what his lord doeth; but I have called you friends."

What did Jesus mean by friendship? Friendship, Jesus emphasized, had its foundation in love. Love in turn, was evidenced by responsibility. Love had obligations; it was not a matter of words, or of mere sentiment.

"If ye love Me," said Jesus "keep My commandments" (John 14:15). "He that hath My Commandments, and keepeth them, he it is that loveth Me; and he that loveth Me shall be loved of My Father and I will love him, and will manifest Myself to him" (John 14:21).

"If ye love Me keep My commandments." Ye are My friends, if ye do whatsoever I command you" (John 15:14). That is the complete circle, and the full revelation of the meaning of these passages stresses this deepest experience in the lives of Christian disciples.

We can be the friends of God. For the God whom Jesus revealed is not a power symbolized by some monstrous idol, but a God Who is Our Father.

He is the enlargement and perfection of the human father, who loves his own and would not give his son a stone if he asked for bread or a serpent if he asked for fish (Matthew 7:9).

"Which of you, being a father," said Jesus, "What monstrous misrepresentations and agonies of soul might have been avoided, if, as Jesus sought to teach us, we would approach and find God through all that is best in ourselves and in our Elder Brother the Man Christ Jesus!

"I've found a Friend; oh such a Friend!

He loved me ere I knew Him;

He drew me with the cords of

TAV Blasted at Committee Hearing

WASHINGTON, (AP) — Chairman of the subcommittee on Tennessee Valley Authority, Mr. Charles McNair, blasted the TVA at a hearing published yesterday.

TVA Chairman Gordon R. Cotton told the House group that there is no foreseeable limit in power needs of the Tennessee Valley. He anticipated a power shortage in the valley by 1957 even if TVA is relieved of a 500,000 kilowatt power load now supplied to the Atomic Energy Commission.

Moses and a group of other private power representatives told the group they could furnish TVA with the over a proposed light near Memphis is designed to produce. Plans for the Memphis plant were turned down by the Budget Bureau.

Moses said no private industry can successfully compete with government in the same type of business "with one being highly taxed and regulated, and the other untaxed and nonregulated."

He testified that his company rates to coops are cheaper than those of TVA and that his firm gives preference to coops.

one matter. One prospective new member was present and expressed his desire to become a member of the post possibly at the next meeting. He was brought in by S. H. Buchanan, who was praised for having brought in the most new members to the post in the last two years.

Following this there was a brief intermission and the post members served refreshments to everyone present.

The meeting was turned into the hands of the ten (10) ladies present with Mrs. Aaron Morris presiding as chairman. The American Legion Ladies Auxiliary was organized and the following officers were elected.

President, Mrs. G. N. Davis, vice president, Mrs. A. Morris, secretary, Mrs. G. W. Miller, assistant secretary, Mrs. F. B. Buchanan, treasurer, Mrs. Louise Hicks, chaplain, Mrs. Neva Carmichael and sergeant at arms, Mrs. A. Holbert.

The Ladies Auxiliary will meet in the second and fourth Tuesday night of each month. The next meeting will be at Hicks Funeral Home at 7:30 p. m. All mothers, wives and sisters of ex-servicemen are invited to come out and help to promote the organization. The meeting was turned into the hands of the post Commander and the meeting was adjourned. R. T. Davis Reporter.

Barbers File Suit Against Bearded Boys

CLEBURNE, Tex., (AP) — A master barber has filed suit against the Brothers of the Brush, a group advocating fancy beards, charging the organization has literally ruined his shaving business.

C. R. Browne, barber of Burleson, 12 miles north of here, said, "I haven't shaved a customer in weeks."

The Brothers of the Brush are packing the Johnson County annual celebration by going West in and hairy.

NO EVIL THERE!

The moon has no atmosphere to carry disease germs. Then, there is "NO EVIL THERE." Heaven is like that. The many deep craters on the moon might be shelters. But in Heaven there are *many more* palaces of the soul, for those who qualify by Faith. We can have a little of Heaven here on earth... right here in our hearts. Sure, this heavenly body is out of the range of evil, which confuses conscience and snarls society. But in some good church where God is served, you can become geared to resist and tempered to turn away this evil that befalls us.
